There you can register your team (in this case this means all the athletes from on national team, regional team, club, and also as an individual athlete). To make things easier, please try to organize you in a way, that one team leader is responsible for all the results of one team (e.g. not five individual registrations from one club). After you have registered (if you register as an individual athlete, you are the "team leader"), you will get an access code to enter you results in an online mask. Here you can enter the results of as many athletes as you want and also mention, how you would like to participate in the team competition. If you have any problems with the registration or the result entry, please do not hesitate to contact us via the contact form on the website.

All participants (individuals and teams) who participated in at least five rounds get an online diploma with their result and the rank they reached in their class. Further 50% of the starting fees will be used as price money and distributed among the athletes ranked 1st to 3rd of each class (individual and team).
